Will and Hannibal plus the pancakes

by Spuuuuuunkkkkkiie

Summary

Will is frustrated and there are not enough words to describe his current dilemma.

“Why don’t you just give him something you know? I’m sure Dr. Lecter would appreciate what random things you plan to give whatever it is” Zeller said and that is somehow useless advice. Still, it doesn’t irritate him because it is true, that whatever he gave to Hannibal, Hannibal would be delighted to receive it. Even if Will gave him a piece of a card saying He loves Hannibal very much, Hannibal would frame that card and hang it in his office even if it is out of character for his style.

“That is the lamest advice I ever heard. It's Dr. Lecter what could Dr. Lecter want and he doesn’t already buy it or have it?” Beverly said and she stand up to walk on Will’s side “Why don’t you give him something you can’t buy? Like cook for him or bake something” Beverly said and shrugged her shoulders

will want to give something to Dr. Lecter but he can't think of something that Dr. Lecter doesn't own. so he tried cooking. He's bad at it but still, he wants to try it.

Notes

Hello everyone! I just want to write something about Will and Hannibal's domestic life or something. I hope you guys love it! If you have any suggestions or anything feel free to comment. Thanks for the support and the kudos! you guys are the best <33

planning to make social media soon for this AO3 ACC, what do you guys suggest? :)))

Disclaimer: I do not own Hannibal series it rightfully belongs to Thomas Harris

Somehow, it helped him make something for his partner without spending much money. The idea of cooking for his partner sounds terrifying but somehow it excites him and that idea somehow makes Will excited to go home and tried to practice for something.

Will doesn’t go to their kitchen a lot. The only time Will come to their kitchen was to watch Dr. Lecter cook. Since they started dating and a few months after Dr. Lecter asked Will to move in with him, Hannibal takes the responsibility for cooking meals for them. Will won’t admit it vocally but he is glad that Dr. Lecter loves to cook.

During his college days and before Hannibal, Will survived his hunger by eating instant noodles, fast food, or delivered pizzas. That is why when he started living with Hannibal, Will is a little bit overwhelmed with the food Hannibal serves so he made a few adjustments for Will

---

Will doesn’t have any classes today since it's the weekend. It is such a relief to have one day off from his hassle job. Dear old uncle Jack surprisingly gave Will time off since their last case is a little bit gruesome and Jack is afraid that it might drive his star agent for good.

Will woke up very early for this. Hannibal was still sleepy and hugging Will by the waist. Will slowly removed Hannibal’s hand on his waist “hmm where are you going my love” Hannibal said softly and you can hint at the drowsiness in his tone “I’m just going to check on the dogs don’t worry” Will said and kissed Hannibal’s forehead. Hannibal was hesitant at first but he let go of Will eventually hoping for his partner to be back in bed as soon as he can.

When Will left their bedroom, he went to the kitchen quickly with the pancake recipe note. Will didn’t have a hard time navigating the kitchen and he knows where to get what he needs since he spent an awful amount of time watching Hannibal cook, he is familiar with the kitchen’s layout.

“Okay, it's just a pancake recipe easy recipe I can do this” Will said to himself.

Turns out, Will was on the edge of giving up. The first pancake batter he made, was too watery so he added flour but it becomes too thick compared to the video he was following. So he remade another one. On the second attempt, he was trying to mix the dry ingredients but then a wooden spoon fell from the counter. Will mentally sighed but he proceeds to kneel to get the spoon. When he gets up, his head accidentally hit the mixing bowl causing it to fall over too. And all the ingredients are on the floor. Will is mentally arguing with himself if he wants to continue this surprise because he is 100% this noise woke Hannibal up.

When Hannibal heard a loud noise coming downstairs, he immediately check the left side of his bed to check if Will came back. When he didn't see Will on the bed, he got up to check for his partner. Hannibal was quietly walking down the stairs when he heard another commotion in the kitchen. When Hannibal went to the kitchen, he was too stunned to speak to see his kitchen in a big mess. There is flour everywhere, especially on the floor, and looks like a spill of pancake batter everywhere, utensils are unkept and a lot of things are in the sink.

"Will?" Hannibal softly said and Will turned immediately. When Will saw Hannibal, he sighed heavily "I'm sorry for waking you up" Will walked in Hannibal's direction "Good Morning" and he kissed Hannibal on the lips. Hannibal smiled deeply. He loves it when Will is affectionate with him.

'What's wrong? Are you hungry? You know you can always tell me if you want something" Hannibal said caressing Will's face and Will just rested his face on Hannibal's shoulders "I just want to surprise you with breakfast. Pancakes are the easiest thing I can find online aside from eggs and I don't know why I messed up such a simple task. Sorry for making a mess in your Kitchen Love" Will explain while hugging Hannibal.

Hannibal is trying his best not to melt with Will's words. If another person tried to make such a disaster in his kitchen that person would not be able to breathe another air but then, this is will. His will. Hannibal will never be afraid to say that Will change him in some ways. He can do some stunts that others would not be lucky to do.

"It's okay my love. Come, I teach you to make one" Hannibal said and kissed the side of Will's lips.

Will and Hannibal spent the whole morning flirting with each other and a little bit of cooking. Hannibal taught Will some basic pancake batter recipes and he also taught Will to use a waffle maker. Hannibal enjoyed teaching Will basic recipes because he can see how dedicated Will is and you can see he loves spending time with Hannibal.

While they were eating, Hannibal was caught off-guard when will suddenly sit on his lap straddling him. "You know Dr. Lecter I still want to do nice things for you," Will said and rub his body on top of Hannibal. Will was smirking while continuously rubbing his body on Hannibal. Will came closer to Hannibal's ears and whispered "Still want your surprise?" Will

said and playfully bite Hannibal’s ears. Hannibal was too shocked to speak and Will was laughing at him. Will slowly put a strawberry on Hannibal’s mouth and kissed him.

When Hannibal suddenly grabs Will’s ass and stands up making Will yelp. Will quickly wrapped his legs around Hannibal’s waist “Why do you even bother asking me, love?” Hannibal playfully asked which makes Will grin dangerously.

Ever since Hannibal taught Will to cook, Will now preferred to cook with Hannibal. Instead of him watching Hannibal cook, he is now helping him or assisting him in any way he can. Although Hannibal preferred Will to sit down and relax for a bit, he knows nothing he can say can make his stubborn lover listen.

When Will successfully surprised Hannibal with breakfast, he was excited because he's been planning this to happen for so long. When Hannibal took the first bite of the pancake, it made him cough a little when he was chewing it.

“Will, what sugar did you use?” Hannibal said trying to swallow the pancake “ The one on the new wooden container? What's wrong?” Will asked worriedly. Hannibal sat up straight not knowing what to do if he should laugh or what “My love, that is the new salt container” Hannibal replied.

Will was horrified and red as tomatoes! Hannibal kissed Will and said “maybe we should make another one. What do you think mylimasis?” Hannibal said and trailed soft kisses on Will’s cheeks.

End Notes

lol that ending was inspired by my own experience. My mom used to put fine salt on containers and when I was trying to make pancakes, I mistook them for sugar. Hope you guys enjoy this one! hope to update another work for this series. Sending hugs!
